

## Jeremy Kinsel, LEED AP

Director of Preconstruction

**BE&K Building Group**

Jeremy holds a bachelor's degree in construction science from Texas A&M University, has over 20 years of preconstruction experience in the construction industry, and is well-versed in BE&K's Centers of Excellence.

As Preconstruction Director, Jeremy leads and oversees all regional preconstruction services. He manages project preconstruction services, including estimating, scheduling, value engineering, and coordination with design teams. Jeremy's expertise spans various aspects of the preconstruction phase, including conceptual estimates, detailed estimates, design review meetings, constructability reviews, value analysis, bid package development, and effective cost control.

Jeremy has played a pivotal role in the success of several high-profile Life Sciences projects for BE&K Building Group, including Curia's ABQ Expansion and VGXI's Biopharmaceutical Manufacturing Facility. His extensive experience in this market has equipped him with valuable insights and a deep understanding of Life Sciences projects' unique requirements and challenges.
