

Patricia Larrabee, MS

President

Facility Logix

Pat is the founder and President of Facility Logix. She has over 30 years of experience in the biotechnology industry, including several years as a bench researcher. For the past 20 years, Pat has applied her technical end-user knowledge to the facility-related needs of the industry. She advises developers and institutions across the United States and manages facility expansion and implementation programs for clients such as Eisai, George Mason University, Integrated Biotherapeutics, Johns Hopkins University, The Mayo Clinic, United Therapeutics, and the Wisconsin Alumni Research Foundation.

Pat has conducted numerous feasibility studies for shared wetlab co-work, incubation, and accelerator facilities and has developed life science strategies for economic development groups across the country.

Prior to founding Facility Logix, Pat was an Executive Vice President at Scheer Partners. Pat holds an MS in Biotechnology Management and a BA in Biology. In 2016, The Daily Record named Pat one of the Top 100 Women in Maryland
