

Todd Skrinar, MBA

Principal, US-West Health Sciences &
Wellness Market Segment Leader

Ernst & Young

Todd Skrinar, Principal, US-West Health Sciences & Wellness Market Segment Leader, Ernst & Young, LLP

A leader in EY's life sciences practice, Todd brings 25+ years improving strategic and operational performance at both large and emerging organizations.

A health and life sciences industry strategy and transformation specialist, Todd is a recognized leader in enterprise transformation in a broad range of areas including growth strategy, analytics, finance, information management and ERP. He focuses on helping life sciences and health care organizations realize the benefits of highly visible business operations. He is an EY champion for big data analytics in the health and life sciences industries and the lead author on EY's Order from Chaos Life Sciences research paper.

Todd is a frequent author, speaker and moderator on big data and analytics-related topics in the health and life Sciences sector. He was recently recognized by PharmaVOICE as one of the "100 Most Inspiring People in the Life Sciences Industry". Todd was also recently featured on the NPR program Biotech Nation with Dr. Moira Gunn discussing the impact of Big Data on Clinical Development in the Life Sciences industry.
